

Do you want to exchange Best Practices with colleagues?
Do you want to meet new colleagues and expand your network?

Best Practice and Networking

Performance Design

International Best Practice and Networking Conference Europe

Three exciting days packed with information for everyone who really wants to drive performance.

Performance Design: How it translates into strategy deployment, company growth, change management, performance management, sales, and support functions. How it drives performance in a systematic way, and how to use it to make a real difference with your team, your business unit, and your company.

Best Practice Presentations

You will gain detailed insight into Best Practices of international enterprises and have the opportunity to discuss ideas with presenters and colleagues in small exclusive circles.

No participation fee
March 29-30, 2012
Berlin, Germany
On invitation only
Registration required

International Networking

You will meet and make connections with new colleagues across industries and countries. You will find people with the same interests, in the same field, and expand your network. Participants of previous similar conferences in the United States have maintained connections and fostered a continuing exchange of ideas and concepts. As a participant, you will have access to the complete Alumni network of all of the conferences.

Pre-conference Workshop

380€ special conference rate
March 28, 2012
Berlin, Germany
Registration required

Metrics and Process Management

This workshop describes the requirements for a complete planning, measurement, and management system for processes, then presents a robust and complete methodology and toolset for the design and implementation of such a system.
